PROFESSIONAL EXPERIENCE

2010 to present

Medical writer for International Academy of Pelvic Surgery (www.academyofpelvicsurgery.com)

2007 to 2010

Freelance editor for:

- The Medical Editor, Carl Richmond, Pacific Grove, CA. Editing academic manuscripts of all types, primarily in clinical research and laboratory sciences.
- BioScience Writers, Susan Marriott, Houston, TX. Editing documents including clinical research, laboratory sciences, and qualitative research manuscripts.

1999 to 2007

Medical Officer, Program Director for Research on Female Pelvic Floor Disorders, Contraception and Reproductive Health Branch, Center for Population Research, National Institute of Child Health and Human Development (National Institutes of Health), Bethesda, MD.

Responsibilities included:

- Development of \$50 million research portfolio in female pelvic floor disorders through research solicitations (Requests for Applications) and investigator-initiated applications.
- Initiation and supervision of national multicenter clinical trials network (Pelvic Floor Disorders Network) with seven clinical sites and data coordinating center.
- With investigators in the Network, development and implementation of clinical trials in female pelvic floor disorders. Interventional trials included drugs versus placebo, surgery, and behavior modification.
- With data coordinating center, preparation of materials for FDA regarding Investigational New Drug (IND) drug trial. Interaction with FDA officials in IND drug trial that was suspended for unexpectedly high rate of adverse events.
- With Clinical Monitor and Safety Monitor from data coordinating center, quarterly review of all adverse events (serious adverse events in real-time) in clinical trials and determination of plausibility of association with trial intervention.
- Interaction with the network's Data and Safety Monitoring Board regarding adverse events and other trial data.

Anne M. Weber, MD, MS

2001 to 2006

Associate Professor, Department of Obstetrics, Gynecology and Reproductive Sciences, Magee-Womens Hospital, University of Pittsburgh, Pittsburgh, PA.

Responsibilities included:

- Development, implementation, and service as Program Director of new 3-year post-residency fellowship in Female Pelvic Medicine and Reconstructive Surgery.
- Performance of independent clinical research.
- Education of residents and fellows in urogynecology and clinical research; education of medical students in core rotation, obstetrics and gynecology.
- Clinical practice in urogynecology.

1993 to 2000

Staff, Department of Gynecology and Obstetrics, Cleveland Clinic Foundation, Cleveland, OH.

Responsibilities included:

- Performance of independent clinical research; service as Director of Clinical Research for the Department of Gynecology and Obstetrics.
- Clinical practice in gynecology and urogynecology.
- Education of residents and fellows in urogynecology and clinical research; education of medical students in core rotation, obstetrics and gynecology.
